

## Pre-K News October 2013

Well, the air is getting cooler, the winds are blowing and the leaves are changing and falling to the ground. Its hard to believe that the children have been in school for nearly a month! They are making great strides and seem to be settling in very well while having fun doing it

Although the weather is changing we still continue to go outside daily. Please be sure to send appropriate clothing and shoes for your child to go outside. Label each item they bring to school each day. Coats, hats, sweatshirts, sweaters etc. Also, remember all your child's belongings need to fit inside their cubby, nothing can be hanging out of cubbies.

### Home Extensions:

Practicing skills at home as well as in school will be a big help for your child's learning process. Here are some things you can practice at home:

- \*Practice name writing, uppercase letter followed by lowercase letters. You can practice with pencil and paper, tracing in sand or even shaving cream!
- \*Fine Motor - Please continue to let your child practice cutting at home and using a correct pencil/crayon grip at home.
- \*Read - We know you do this often, but try to make it a priority and read every night.
